## OBJECTIVE

I am an upcoming junior full-stack web developer looking to find a career in the ever growing technology sector. I am currently enrolled in a rigorous coding boot camp provided through UNC Chapel Hill and expect to graduate in May. I am hoping to take the skills that I have acquired and become a useful asset for your company.

## EDUCATION

### Full-Stack Web Development Certificate

The Coding Boot Camp at UNC Chapel Hill  
November 2020 - May 2021 -- in progress.  
Expected graduation date: May 18, 2021

### Biomedical Animal Science

North Carolina State University  
March 2016-November 2018 --Unfinished

### Associate of Arts

Wilson Community College --2010-2014

### Wilson Early College Academy

Highschool Diploma -- 2010-2014

## TECHNICAL SKILLS

- HTML/CSS
- Bootstrap
- JavaScript / jQuery
- SQL/Sequelize
- MySQL Workbench
- MongoDB / Mongoose / MongoJs
- Express
- NodeJs
- Git BASH

## EXPERIENCE

### Lead Veterinary Assistant

Smithfield Road Veterinary Hospital  
Knightdale, North Carolina  
June 2014 to August 2020

My position involved training and management of veterinary technicians/assistants in all aspects of their assigned jobs. This included safe-restraint of cats/dogs, vaccine procedure, dental cleanings, cold laser therapy, radiology, phlebotomy, in-house bloodwork, preparing lab samples, and parasitology.
